### Continuous Internal Evaluation - Grievances

If a student is not able to attend the periodic assessment test, when he/she represents the institution in any event (on duty), owing to medical grounds or any valid reason, that student should get prior permission from the subject handling faculty, mentor and Head of the department. The final approval for retest is authorized by the Principal. Schedule for retest is framed and displayed in the notice board with the eligible student list. A retest is conducted to enable the student to earn internal assessment marks. The internal marks are displayed in students' notice board prior to submitting the same in the University portal. In case of any anomalies noted, student can represent and the same will be subjected to verification from the records available. If genuine, changes are incorporated and republished.

### University Examination – Grievances

If the students fail in the end semester examination conducted by the affiliated university, Kerala University of Health Sciences, the students can apply for re-totaling of the answer scripts. The results will be published after re-totaling. The provision for re-assessment is not applicable in the evaluation process of the affiliated university.

### Internal Examination

At the beginning of the academic year the class coordinators orient students about the mechanism of handling the grievances. The feedback related to the conduct of exam is taken by subject coordinators from students. The internal examination (sessional and model examination both theory and practical) related grievances are handled by
