## 2.6.3 The teaching learning and assessment processes of the Institution are aligned with the stated learning outcomes

The teaching – learning processes and assessment processes (sessional and end semester) are mapped to achieve the generic and program specific learning outcomes.

For 2016 scheme, annual pattern is followed for which three sessional assessment are conducted as continuous internal examination. Duration of the assessment is three hours for 75 marks as per the affiliated university (KUHS). Internal marks calculation are specific to the subjects.

End semester university examinations are conducted by the affiliated university. After Valuation, results are published by the affiliated university

For 2021 scheme, semester pattern is followed for which two sessional assessment are conducted as continuous internal examination. Duration of the assessment is three hours for 75 marks as per the affiliated university (KUHS). Internal marks calculation are specific to the subjects. After Valuation, results are published by the affiliated university

The learning outcomes of each subject is linked to the course outcomes and a set of performance criteria is mapped to provide direct quantitative evidence that course outcome is attained. The marks scored by the students in periodic sessional assessment and the end semester university examinations are the metrics for direct quantitative assessment.

The learning outcomes are thus directly and quantitatively assessed, and mapped to the course outcomes and program outcomes. Therefore if the learning outcomes are attained, they provide direct quantitative evidence that course outcomes and program outcomes are attained.
