LIFE SKILL TRAINING PROGRAMME

Skill development programs aim to acknowledge the ability of the youth and extend their support by serving them with the proper guidance; infrastructure, opportunities, and encouragement that help them achieve their ambitions. The NSS unit of Nehru college of Nursing held a training programme in coordination with ICDS for the 1st year BSc Nursing students on **23rd March 2022** in the Multipurpose Hall of Nehru College of Nursing (NCN). The speaker for the session was Dr. Praseedha PG, MD (Ayurvedha) Specialist Medical Officer, Ayushgram Project, Ottappalam Block. The main objective of the Skill development programme was to provide adequate training in market-relevant skills and to create opportunities for the development of talent within the students and improve the overall scope and space for underdeveloped sectors. It builds self-esteem, confidence and leadership skills. The session was really motivating & lifted the students in mode to explore more in life. This was really a golden opportunity for the NCN students to attend such an informative session organized by well enlightened personalities from the Government sector in the field of health care. Adolescent girls from ward 14, Vaniyamkulam Gramapanchayath participated in the program. All the 1st year BSc Nursing students of NCN had attended this training.

By organizing this programme, the adolescents age group girls from ward 14 and 1st year BSc Nursing students Nehru College of Nursing were embedded with the skills useful in their day today life both in family and society.

Dear Madam,

We have conducted a class on 19th Jul'19 on career awareness for the final year nursing students.

The class is about the importance of Nursing and opportunities available for Nurses in India and across Globe.

It also gives them an idea on the skill development and trainings like BLS & ACLS, they have to undergo for their career development.

The training also helps them to understand the various processes for different countries and exams they have to take become a RN – Registered Nurse in those countries.

Thank you for giving us the opportunity.

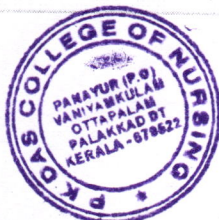

Best Regards,

Vinod Raj C.P

Career opportunities in the field of Nursing - INSCOL Academy

Nursing is a career where one has an excellent job security and many options for the type of career they want. However, the choices one makes early in the nursing career have a huge impact on options later on. Participation in career guidance enhances linkage of academic and career experiences and thus, improves career preparation and management. Nehru College of Nursing in co-ordination with INSCOL Academy organized a career guidance program for the students on 19th July 2019 at Multipurpose Hall.

Mr .Jeril Cheriyan Principal INSCOL Academy was the resources person of the session. The program was officially inaugurated by Mrs Sumitha Krishnadas (Management representative NGI). The program really helped in rising students' attitudes and knowledge toward career planning. The session had a lot of discussions which helped the students to clarify all their queries regarding the placement in foreign countries, the methods & tips for the preparation of nursing career interviews. This event aids the students to plan for future career endeavours based on the information & awareness they gained in the session.

Career opportunities in the field of Nursing - INSCOL Academy

Nursing is a career where one has an excellent job security and many options for the type of career they want. However, the choices one makes early in the nursing career have a huge impact on options later on. Participation in career guidance enhances linkage of academic and career experiences and thus, improves career preparation and management.

Nehru college of Nursing in co-ordination with INSCOL Academy organized a career guidance program for the students on 29th March 2019 at NCN Auditorium. Mr. Vinod Raj INSCOL Academy was the resources person of the session. The program was officially inaugurated by Mrs. Sumitha Krishnadas (Management representative NGI). The program really helped in rising students' attitudes and knowledge toward career planning. The session had a lot of discussions which helped the students to clarify all their queries regarding the placement in foreign countries, the methods & tips for the preparation of nursing career interviews. This event aids the students to plan for future career endeavours based on the information & awareness they gained in the session.
