Nehru College of Nursing

SHRI.P.K.DAS

FOUNDER CHAIRMAN

Adv. Dr. P. Krishna Das - Managing Trustee - NGI

Nehru Group of Institutions was established in 1968 in Kuniyamuthur, Coimbatore, TamilNadu as a centre of educational excellence to nurture, guide and ignite the spirit of the young minds in Tamil Nadu and Kerala. This was fifty years ago when education opportunities were limited and information centres were not equipped with adequate resources. NGI was founded on this philosophy to serve students, especially from economically backward backgrounds looking out for continuing education pathways with an academic and vocational direction.

Late P. K. Das, our founder-chairman gave up his lucrative job in the Air Force and chose to pursue his dream of building a centre of educational excellence. With a vision to establish Nehru Group of Institutions, he embarked on the mission, encountering first-hand experience of the difficulties and the challenges that sprung up unawares. His demise in 2009, saw the mantle of responsibility fall on the very able shoulders of his sons, Managing Trustee, Adv. Dr. P. Krishna Das and CEO & Secretary, Dr. P. Krishna Kumar, who weathered the fiercest of storms and challenges, to build up the walls and to emerge as contenders in the now changing world of education. They have stood fast in their faith of seeing their father's vision fulfilled and get the institution a University status, without compromising on the ethics and principles

We have, in the past 50 years, successfully nurtured, groomed and placed approximately 1,00,000 plus students in the best of corporate, here and abroad. Our service is complete. We have branches ranging from architecture to technology across Tamil Nadu and Kerala, our corporate office in Coimbatore, all delivering objective advice and maintaining a professional level of service to students and parents.

Over five decades ago, Nehru Group of Institutions was established and right from the beginning, the institution has followed a unique approach to serve the community, be it students or the public, in general, with a vision of providing service through education and humanitarian works. Our conglomerate of 20 colleges is one of oldest organizations dedicated in Coimbatore and Kerala that has consistently worked towards empowerment and social change through Aeronautics, Architecture, Arts, Engineering, Science, Medical, Research and Technical education in India

Being bestowed with the monumental responsibility of leading NGI with such rich heritage is a challenge by itself. I am proud that the rise of our institutions is not from the high rise concrete structures and technological infrastructure, but comes entirely from its intricately intertwined learning process and human resources, which has been the focus on education during its 50 years of existence.
