e-GOVERNANCE POLICY

Scope

The scope of this policy extends to the following areas

- General Administration
- Academic Planning and Development
- Student Admission and Support
- Examination
- Library
- Accounts and Finance
- ICT Infrastructure

Objectives

- Implementation of e-governance in all functioning of the institution in order to provide simpler and efficient system of governance within the institution.
- To promote transparency and accountability in all the functions of the college.
- To achieve and create a paperless environment in the college.
- To provide easy and quick access to information.
- To make campus Wi-Fi enabled.
- To equip our Classrooms ICT Enabled, Smart boards, Projectors, etc.
- To establish a fully automated Library.

Policy

The Institution will implement e-governance in all aspects of functioning like library, accounts, admissions, administration, teaching, etc.

The policy is designed and framed to make each and every function transparent and accountable.

Website

The website will act as an information center which will reflect about the college, all its activities, important notices, courses offered, etc. For this purpose, a separate service provider/web designer will be appointed by the college. Training will be given to the administrative and teaching staff to make important updates on the website. All the important notifications have to go live on the website as and when they are released.

Administration

- Attendance Management Software to be used by Administrative Staff and Teaching Faculty to record and track Attendance, Internal Assessment, etc. Monthly Reports, Sessional Examination Reports should be generated to automatically calculate the Internal Assessment marks for attendance.
- Administrative Office should use Advanced Excel and File Management System Tools to maintain effective database.
- To provide a hassle free, convenient and smooth process, administration of the college to be made paperless.
- Students must be able to obtain maximum services in online mode.
- The college will look into opportunities to automate some of its functions related to administration.
- Admin Staff to be provided with adequate training and development to keep them abreast with the new technology.

Examination

The college has adopted an online system where students can view their total internal assessment marks at the end of each semester and can report discrepancies, if any. The Examination process is regulated by the University and thus e-governance policy of the University to be adopted in this regard.

ERP Software – icampuz

The Institution is using icampuz as the Enterprise Resource Planning (ERP) software for all the academic and administrative functions.

ICT TOOLS

Hardware Infrastructure

- The College to ensure that it has adequate number of desktops and laptops for students and staff.
- Computers and printers to be made available in the required locations.
- Projectors and other multimedia devices to be provided in the auditorium, classrooms and conference hall.
- The infrastructure to be complemented by computer networking devices, scanners and

Student Admission

An open and transparent strategy for the admission process is followed which is further strengthened by the ethical practices and regulations as described in KUHS. The College brings out its Brochure which is displayed on the website that has guidelines for the admission process. An Admission Portal to be used to manage the admissions in the college. Number of students applying, withdrawals, fee submission, all to be managed through this Portal only. Students are required to submit a separate Online Application Form for taking admission to the college and for this purpose online software to be used by the Admission Co-ordinator.

Accounts

The office continues to maintain its account on Tally. Latest versions of the software to be purchased and used by the college. Advanced features help the staff to maintain financial records effectively and efficiently. Profit and loss, Balance Sheet are generated through this software only. All the analysis reports are also generated through Tally. Appropriate security measures should be taken for maintaining confidentiality of the transactions. Training to the existing staff and updation of the existing software must be done regularly. The College uses Payroll Management System which helps to automatically calculate the salary, generate salary slips, disperse the salary to the bank accounts. TDS, Provident Fund, Allowances, etc all are managed by this system. Reports can be generated for all Staff members. Payments are generally made and received through online mode such as NEFT, RTGS, Bank Transfers, etc

Library

The College continues to maintain its academic excellence through maintaining a well-stocked library. The College will add more and more e-learning resources for the benefit of the teachers and the students. The College should continue to subscribe to new journals and books regularly. Recommendations are taken from the teachers and students while subscribing to the e-resources. Teachers can apply to get books of different authors for the subjects they are teaching to increase the knowledge database.

- The Library to install fully automated ILMS software which should have an easy to use-Graphical User Interface, unicode support with Multilingual Search and export facility for most reports.
- The use of Online Public Access Catalogue module of the software to allow library database searching by entering preferred terms for information retrieval.
- The Circulation module of the software should cover all the operations of circulation, right from creating member records to printing of reminders for outstanding books.
- The Database Maintenance module should cover all operations of database creation and maintenance.
- To encourage original writing among students and teachers, the Library should provide access to fully automated software for plagiarism check.
