FDP ON EVIDENCED BASED PRACTICE IN NURSING

REPORT

IQAC of Nehru College of Nursing conducted a FDP on Evidenced Based Practice in Nursing on 17/3/2023 in NCN auditorium.

About the FDP

Evidence-based practice in nursing involves providing holistic, quality care based on the most up-to-date research and knowledge rather than traditional methods, advice from colleagues, or personal beliefs.

Nurses can expand their knowledge and improve their clinical practice experience by collecting, processing, and implementing research findings. Evidence-based practice focuses on what's at the heart of nursing — your patient. Learn what evidence-based practice in nursing is, why it's essential, and how to incorporate it into your daily patient care.

Topics discussed

- ❖ What Is Evidence-Based Practice in Nursing?
- ❖ How to Use Evidence-Based Practice in Nursing
- ❖ Evidence-Based Practice in Nursing Examples
- ❖ Five Steps to Implement Evidence-Based Practice in Nursing
- ❖ Analyzing Evidence-Based Research Levels
- ❖ Why Is Evidence-Based Practice in Nursing Essential?

Resource Person

Dr Binu Babu Professor Nehru college of Nursing was the resource person.

Out come

When the principles of evidence-based practice is used in nursing to make decisions about patient's care, it results in better outcomes, higher satisfaction, and reduced costs. Implementing this method promotes lifelong learning and lets nursing faculty to strive for continuous quality improvement in the clinical care and nursing practice to achieve nursing excellence.

FDP ON LEADERSHIP

REPORT

IQAC of Nehru College Of Nursing conducted a FDP on Leadership on 20/9/2022 at in NCN auditorium.

About the FDP

Leaders in nursing inspire and influence others to achieve their maximum potential. They use applied leadership in nursing by drawing upon critical thinking skills to manage a team. Nurse leaders take a broad view of how daily tasks impact the overall goals of the health care organization. The COVID-19 pandemic highlighted more than ever how important strong leadership is for the nursing profession. The pandemic forced the nursing profession to respond to a rapidly changing and increasingly complex healthcare environment.”

All of this change does have a silver lining. “The pandemic served as a catalyst for change and innovation as nurse leaders from all levels of nursing responded to the new challenges presented by COVID-19.

Now that the pandemic appears to be turning a corner, the innovations created by nurse leaders across the healthcare setting will endure, helping to advance the profession as we move into the future.

Topics discussed

- ❖ What is a Nurse Leader?
- ❖ Why is Leadership Important in Nursing?
- ❖ What is the Role of a Nurse Leader?
- ❖ What Are Qualities of a Good Leader in Nursing?
- ❖ How Does One Become a Nurse Leader?
- ❖ Why is Nurse Leadership Development Important?

Resource Person

Lt Col. Regina P. F Associate professor Nehru college of Nursing was the resource person .

Out come

Leaders in nursing are influencing healthcare organizations at all levels, and in every setting and discipline. “While nursing leadership is considered a relatively new role in the healthcare setting, this FDP created awareness and motivated the faculty to develop leadership skills in nursing.

FDP ON QUALITY ASSURANCE AND NAAC

REPORT

IQAC of Nehru College of Nursing conducted a FDP on Quality Assurance and NAAC on 08/1/2020 in NCN auditorium.

About the FDP

Quality assurance involves the systematic review of educational provision to maintain and improve its quality, equity and efficiency. It encompasses self-evaluation, external evaluation (including inspection), the evaluation of teachers, and student assessments. Developing strong quality assurance systems is crucial to support high-quality, inclusive education. Education plays a vital role in the development of any nation. Therefore, there is a premium on both quantity (increased access) and quality (relevance and excellence of academic programmes offered) of higher education. The NAAC has been set up to facilitate the volunteering institutions to assess their performance by set parameters through introspection and a process that provides space for participation of the institution.

Topics discussed

- ❖ Define Quality Assurance
- ❖ Objectives of Quality Assurance
- ❖ Approaches Of Quality Assurance
- ❖ Models of Quality Assurance
- ❖ Factors affecting Quality Assurance In Nursing
- ❖ Impact of NAAC in Nursing Educational Institutions

Resource Person

Dr B. Anirudhan, Principal, Nehru arts & Science College Coimbatore was the resource person. He has vast knowledge and experience in the field of education, quality assurance and NAAC activities.

Out come

The FDP created awareness that the periodic and continuing appraisal and evaluation of health care situation of the patient is essential and also motivated the faculty to participate in research works related to quality assurance. Quality assurance programme will help to improve the quality of nursing care and professional development.

FDP ON RESEARCH EXCELLENCE

REPORT

IQAC of Nehru College of Nursing conducted a FDP on RESEARCH EXCELLENCE on 28/1/2022 in NCN auditorium.

About the FDP

Nursing research is research that provides evidence used to support nursing practices. Nursing, as an evidence-based area of practice, has been developing since the time of Florence Nightingale to the present day, where many nurses now work as researchers based in universities as well as in the health care setting.

Topics discussed and resource person

TOPICS	RESOURCE PERSON
EXPLORATION OF RESEARCH AREAS IN NURSING	PROF.DR. BINU BABU HOD MEDICAL SURGICAL NURSING NEHRU COLLEGE OF NURSING
GUIDELINES FOR PERSUING PhD	PROF KAVITHA MOLE PJ PRINCIPAL NEHRU COLLEGE OF NURSING
RESEARCH EXCELLENCE	DR. V SUBRAMANIA BHARATHI DIRECTOR,ADMINISTRATION AND ACCREDITATION NGI

Out come

The FDP created awareness regarding the importance of research in nursing, the research areas in nursing they gained knowledge on how to excel in research and the guidelines and benefits of PhD in Nursing.

FDP MERAKI-2K22

(The way to enhance innovative and creative knowledge in nursing discipline)

REPORT

Nehru College Of Nursing conducted a FDP MERAKI-2K22 (The way to enhance innovative and creative knowledge in nursing discipline) from 14/3/22 to 18/3/22 in NCN auditorium.

About the FDP

Intellectual property rights (IPR) refers to the legal rights given to the inventor or creator to protect his invention or creation for a certain period of time. These legal rights confer an exclusive right to the inventor/creator or his assignee to fully utilize his invention/creation for a given period of time.

Creativity is the ability to think in new ways and apply fresh perspectives to old problems. Creativity is "the capability or act of conceiving something original or unusual." It is a critical skill in business that enables people to adapt and create unique approaches that may be even better suited than tried-and-true methods.

Assertiveness is a concept that is not only important but also necessary to gain inner contentment and respect as a person and as a nurse. Many a time assertiveness is misunderstood with confidence aggressiveness and violation

Providing care to those in need brings great meaning and purpose to nursing professionals. But nursing can also come with physical and emotional demands that create stressful environments. Nurses who are working hard to provide quality care for patients may struggle to manage stress when faced with busy schedules and exacting responsibilities.

Finding ways to manage stress is essential for nurses to stay healthy and satisfied with their important work. Stress management techniques for nurses include deep breathing, meditation, and exercise. Nurses might also explore sleep management and therapy techniques.

Nurse leaders should keep in mind the importance of nurse scheduling in managing stress. They can also help nurses by being role models for self-care and by reminding staff members that self-care is vital to caring for others.

Communication plays a significant role in a nursing job as it involves direct contact with patients and other healthcare professionals. Good communication skills can allow nurses

FDP ON QUALITATIVE RESEARCH DESIGN

REPORT

IQAC of Nehru College of Nursing organized a FDP as an International webinar on qualitative research design on 19-01-2021.

About the FDP

Qualitative research design is defined as a type of research methodology that focuses on exploring and understanding complex phenomena and the meanings attributed to them by individuals or groups. It is commonly used in social sciences, psychology, anthropology, and other fields where subjective experiences and interpretations are of interest. Qualitative is concerned with capturing the richness and depth of human experiences, beliefs, attitudes, and behaviors. It aims to go beyond simple statistical analysis and uncover insights that quantitative research may not be able to capture.

Topics discussed

- ✓ Background of Qualitative Research Design
- ✓ Key characteristics of qualitative research design
- ✓ Types of Qualitative Research Design
- ✓ Qualitative Research Design Methods
- ✓ Qualitative Research Design Process:
- ✓ Steps best practices for qualitative research design

Resource Persons

1. Dr. kanthasamy Muthugounder, Assistant Professor & Programme Coordinator, College of Nursing, Gulf Medical University. The topics discussed were about Background of Qualitative Research Design and Key characteristics of qualitative research design.

2. Mr. Sahul Hameed, Assistant professor, Nehru college of Nursing discussed about the Types and Methods of Qualitative Research Design.

3. Prof. Larissa Martha Sams Professor, laxmi Memorial college of Nursing, Mangalore, discussed about Qualitative Research Design Process and best practices for qualitative research design

Out come

Qualitative research approaches a phenomenon, such as a clinical problem, from a place of unknowing and attempts to understand its many facets. This makes qualitative research particularly useful when little is known about a phenomenon because the research helps identify key concepts and constructs. This webinar created an insight regarding qualitative research among the faculty.
