## POLICIES FOR CLINICAL SKILL AND SIMULATION LABORATORY

Nehru College of Nursing train students by utilization of clinical skill and simulation labs. This lab is equipped with simulation mannequin, dummies for training in nursing skills by student learners. The students optimize clinical nursing skills after training which could be practice in nursing.

The clinical nursing skill labs involves fundamentals of nursing lab, pediatric nursing lab , maternal health nursing lab, nutrition lab, community health nursing lab and advanced nursing lab. The fundamentals of nursing lab is equipped with articles for demonstrating basic procedures like ryles tube insertion , injection ,urinary catheterization etc. The maternal health nursing lab is equipped with mannequin, birthing stimulators pelvis and skull. The child health nursing lab is equipped with newborn under five child mannequin and pediatric CPR mannequin (child ). The community health nursing lab is equipped with community bag and accessory articles for life style screening procedures such as Blood pressure monitoring, Blood sugar monitoring .Advanced Clinical Nursing Lab is equipped mannequins for ALS/BLS , Venepuncture, ET tube intubation and suctioning.

The faculty members and students are equipped on the knowledge on the use of clinical skills and simulation labs policies

The activities of Clinical Skill labs is carried out by faculty of the subject specialty under the guidance of the principal

The faculty will be scheduling the plan for demonstration of procedures.

The faculty updates their knowledge and skills through workshop, seminars and conferences.

## General Lab Guidelines

1. The Lab users should be courteous and maintain professional conduct
2. The simulation mannequin should be treated as live persons
3. The students should be enter with the ID Card and enroll in the lab register with signature
4. Any issue or utilization of labs should be permitted by lab in charges with regard to the principal's permission
5. The allotted hours of lab should be utilized as per the schedule\
6. No equipment should be removed from labs
7. Any damage to the equipment should be reported to lab in charges and the Principal immediately
8. Faculty should be present in skill lab along with supervision of students.
9. All simulation beds should be restricted to simulation mannequin and students are not allowed to sit or lay on bed.
10. All skill lab users should ensure that labs are kept in neat and tidy in proper place.

## Report on feedback analysis of clinical skills and simulation labs among 90 students in the academic year 2022-2023

The students have fully utilized facilities in the clinical skill and simulation labs in terms of good facilities available .

They were fully oriented to all labs and articles in labs redemostration in chapterwise

They were following syllabus oriented procedures and followed them in clinical settings.

The interactive sessions were moderately adequate so we incorporated demonstrations and return demonstrations were followed in clinical and simulation training in the labs and also conducted workshops of clinical skill procedures.

Hence they fully practiced the procedures in clinical practice in parent hospital and affiliated hospitals.
