AGNI RAKSHAK 2019 (Fire safety & rescue Training)

Nehru College of Nursing always focuses on providing the best educational practice & programme for the students & always make them ready to face any struggles & challenges in their profession. For fulfilling this vision NCN had organized AGNI RAKSHAK (Fire and Rescue awareness training) on 26th July 2019 for the 1st year B.Sc. Nursing students in the campus.

Mr. Liju Ram, Fire & Safety Officer, PKDIMS was leading the session. After the class there was a practical session for the students & they really got an opportunity to be aware how to respond on a fire accident. The course is a very comprehensive training module designed to offer an in-depth approach to fire safety in general and also within the hospital specific environment.

“EXPERT CLASS ON CORONA VACCINATION”

Kerala started its vaccination drive against the novel coronavirus disease (COVID-19) January 16, 2021. Vaccination for COVID-19 is voluntary. The first group includes healthcare and frontline workers. Many healthcare workers, even doctors, are unclear whether to stand with the vaccination. A few are compelled to say okay for Covishield, so it is very important that all the health care professionals must be comprehensive about the corona vaccination- its benefits & effects. The “SSGP” of NEHRU COLLEGE OF NURSING had organized an expert class about the COVID -19 VACCINATION for the students. The resource person for the sessions was Dr. Mahesh Kumar D, Assist. Professor, Dept. Of Pharmacology, PKDIMS, Vaniyamkulam, Ottappalam, Palakkad. on 06/02/2021 at 2pm – 3pm in Google meet. All students from second year, third year and fourth year attended the class. Through this session we could clarify all the queries of students & could create a positive approach in students regarding the Covid 19 vaccination.

SEMINAR on

INTRODUCTION TO INTELLECTUAL PROPERTY RIGHTS

Innovation, creativity and branding represent a large amount of the value that changes hands in international trade today. The WTO's Agreement on Trade-Related Aspects of Intellectual Property Rights (TRIPS), negotiated during the 1986-94 Uruguay Round, introduced intellectual property rules into the multilateral trading system for the first time. World Trade Organization has created a concept of Intellectual Property Rights to give rights to persons over their creations of their mind.

Nehru College of Nursing conducted a seminar session on INTRODUCTION TO INTELLECTUAL PROPERTY RIGHT on 14th March 2022. The session was addressed by Mrs. Sumitha Krishnadas, Management Representative, Nehru Group of Institutions. The seminar was handled by Dr. Kavitha Chalakkal, Assistant Professor, Inter University Centre for IPR Studies (IUCIPRS), CUSAT. The session was very useful for the attenders to gain an idea to register for the patency personally or for an institution for their own creations. Concluded the programme conveying the vote of thanks by Ms. Zaina Elizabeth Jose, Associate Professor, Nehru College of Nursing.

INTELLECTUAL PROPERTY RIGHTS

“Institution innovative council is to promote innovation in the Institution through multitudinous modes leading to an innovation promotion eco-system in the campuses. Intellectual property rights are legal and institutional devices to protect creations of the mind such as inventions, works of art and literature, and designs. There is a growing interest in nursing in designing professional practice models that "work," that is, models that promote benefit both to nurses and to the clients they serve. The concept of institutional innovations, is an idea which is not restrictive to private practice, it opens opportunities in all the institutions including nursing colleges that will benefit patients, hospital administrators, physicians, and nurses.

” Nehru college of Nursing always makes chances for the students to explore more in their field of interest along with the academics. To build up more Entrepreneurs from the field of Nursing , & to make the students aware about IIC & IPR the I P R cell of NCN organized an introductory session on about "Intellectual property rights" on 27th April 2022 at 2.30 pm for the 1st year BSc Nursing students in the campus auditorium. Mrs. Anusweena Thomas welcomed the gathering & our beloved principal Dr. Kavitha mole P J had done the theme opening. Mrs Rose Jose Asst professor NCN was leading the talk on intellectual property rights. Ms. Zaina Elizabeth Jose Asso professor NCN expressed the token of gratitude. The innovative ideas developing ability is not strictly innate, but may be enhanced by experience and education like this sessions. Nursing is moving into an exciting time, one in which the opportunities for innovation and satisfaction for both nurses and clients are rapidly expanding

28th APRIL 2023

World Day for Safety and Health at Work 2023

World Day for Safety and Health at Work is celebrated to promote safe, healthy, and decent work environments across the globe. The day aims to educate people about preventing occupational accidents and other diseases caused due to work or work-related injuries. The year 2023, the chosen theme for the World Day for Safety and Health at Work is "A safe and healthy working environment as a fundamental principle and right at work", emphasizing the importance of workplace safety and health as an essential principle and right for workers.'

The community health department of Nehru College of Nursing conducted the World Day for Safety and Health at Work on 28th APRIL 2023 11.30 am at NCN auditorium. The event officially started with Welcoming & theme revealing by Prof Ushas Jose (HOD Community Health Nursing Dept) This was followed by an awareness session about this day by Mr. Nowfel P M (Assit Prof CHN Dept NCN) & Mrs Rose Jose (Assit Prof CHN Dept NCN) After the awareness session the 4th year students had conducted a debate on safety & health at work. There are many areas of workplace safety for client care and nurses wellbeing that, if not handled with care by the nurse may become risky to clients, nurses and other persons in the hospital so these kind of awareness sessions are really helpful for the students to develop their knowledge

As the instructors suggested, it would be great if a yoga class can be arranged for the students. Overall, the programme was a good experience.
